

## Supine Hamstring Stretch with Strap

**SETS: 3**

**HOLD: 30  
SECONDS**

**DAILY: 1**

**1**

**2**

### Setup

Begin lying on your back with your legs straight, holding the end of a strap that is looped around one foot.

### Movement

Use the strap to pull your leg up toward your body until you feel a gentle stretch in the back of your upper leg. Hold this position.

### Tip

Make sure to keep your other leg straight on the ground during the stretch.

# Supine Piriformis Stretch with Leg Straight

**SETS: 3**

**HOLD: 30  
SECONDS**

**DAILY: 1**

**1**

**2**

## Setup

Begin by lying on your back with your legs straight.

## Movement

Bring one leg up toward your opposite shoulder, grabbing the outside of your knee with your hand, until you feel a stretch in your buttocks.

## Tip

Make sure to keep your low back flat against the floor and do not allow your trunk to twist during the stretch.

# Supine Quadriceps Stretch with Strap on Table

**SETS: 3**

**HOLD: 30  
SECONDS**

**DAILY: 1**

**1**

**2**

## Setup

Begin lying on your back on a table or bed with one leg hanging off the edge, holding the end of a strap that is draped over your shoulder and secured around your foot.

## Movement

Slowly pull on the strap, bending your knee until you feel a stretch in the front of your thigh. Hold this position.

## Tip

Make sure not to arch your low back during the stretch.

# Supine Posterior Pelvic Tilt

**REPS: 10**

**SETS: 2**

**HOLD: 5  
SECONDS**

**DAILY: 1**

**1**

**2**

## Setup

Begin by lying on your back with your knees bent and feet resting on the floor.

## Movement

Slowly bend your low back and tilt your pelvis backward into the floor, then return to the starting position and repeat.

## Tip

Make sure to only move your pelvis and low back and keep the rest of your body relaxed.

# Supine Hip Adduction Isometric with Ball

|          |         |                 |          |
|----------|---------|-----------------|----------|
| REPS: 10 | SETS: 2 | HOLD: 5 SECONDS | DAILY: 1 |
|----------|---------|-----------------|----------|

## Setup

Begin lying on your back with your legs bent, feet resting on the floor, and a soft ball positioned between your knees.

## Movement

Squeeze your knees together into the ball, then release and repeat.

## Tip

Make sure to keep your back flat against the floor during the exercise.

# Supine March with Resistance Band

**REPS: 10**

**SETS: 2**

**DAILY: 1**

**1**

**2**

## Setup

Begin lying on your back with your knees bent, feet resting on the floor, and a resistance band or loop secured around your legs.

## Movement

Tighten your abdominals and slowly raise one of your legs off the floor, keeping your knee bent. Then return to the starting position and repeat with your other leg.

## Tip

Make sure to keep your trunk still during the exercise and do not let your low back arch.

# Hooklying Isometric Clamshell

**REPS: 10**

**SETS: 2**

**DAILY: 1**

**1**

**2**

## Setup

Begin by lying on your back with your knees bent and feet resting on the floor, with a resistance band or loop secured around your knees.

## Movement

Keep one leg stationary as you draw your other leg outward, and hold.

## Tip

Make sure to not to arch your low back during the exercise.

# Supine Shoulder Horizontal Abduction with Resistance

**REPS: 10**

**SETS: 2**

**WEEKLY: 3**

**1**

**2**

## Setup

Begin lying on your back with your knees bent and the ends of a resistance band in each hand. Your arms should be straight up toward the ceiling.

## Movement

Pull your arms apart against the resistance band, straight out to your sides, then slowly bring them back to the starting position and repeat.

## Tip

Make sure to keep your back flat on the floor during the exercise.

# Supine Shoulder External Rotation with Resistance

**REPS: 10**

**SETS: 2**

**WEEKLY: 3**

**1**

**2**

## Setup

Begin lying on your back holding the ends of a resistance band in each hand.

## Movement

Rotate your hands outward, keeping your elbows bent and pulling the band apart.

## Tip

Make sure to keep your back flat and do not shrug your shoulders.

# Standing Tandem Balance with Counter Support

**SETS: 3**

**HOLD: 30  
SECONDS**

**DAILY: 1**

**1**

**2**

## Setup

Begin in a standing upright position with your hands resting on a counter.

## Movement

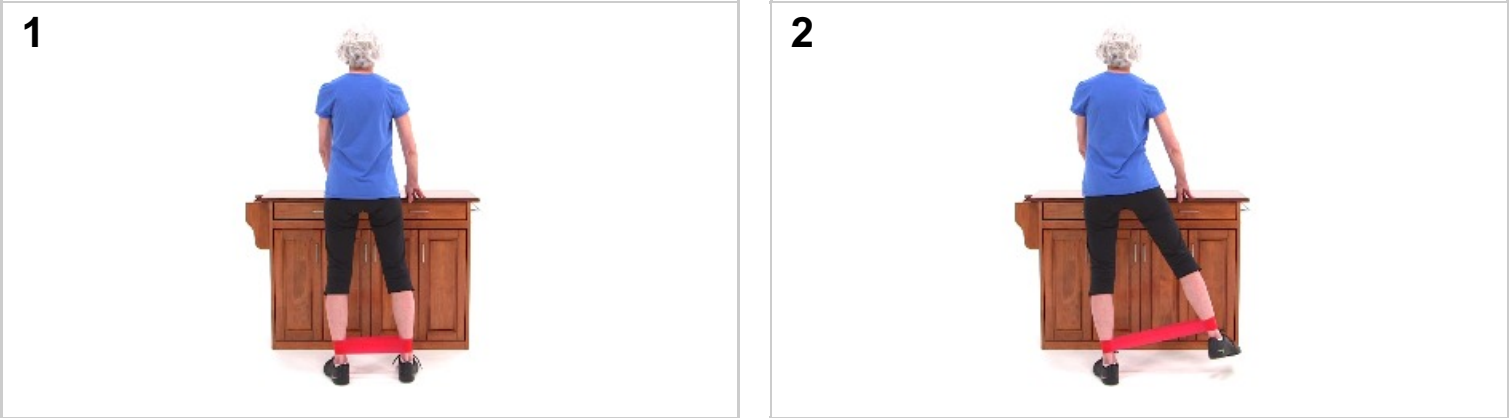

Place one foot directly behind the other, so that you are in a heel-to-toe position. Maintain your balance in this position.

## Tip

Make sure to maintain an upright posture and use the counter to help you balance as needed.

# Standing Hip Abduction with Resistance at Ankles and Counter Support

|          |         |           |
|----------|---------|-----------|
| REPS: 10 | SETS: 2 | WEEKLY: 3 |
|----------|---------|-----------|

## Setup

Begin in a standing upright position with your hands resting on a counter in front of you and a resistance band looped around your ankles.

## Movement

Shift your weight to one side and pick the other foot up, pushing against the resistance. Hold briefly, then slowly return to the starting position and repeat leaning to the other side.

## Tip

Make sure to maintain an upright posture and use the counter to help you balance as needed.

# Long Sitting Calf Stretch with Strap

**SETS: 3**

**HOLD: 30  
SECONDS**

**DAILY: 1**

**1**

**2**

## Setup

Begin sitting on the floor with one foot stretched in front of you, your other knee bent, and a strap secured around your foot.

## Movement

Slowly pull your foot towards you with the strap until you feel a stretch in your calf.

## Tip

Make sure to keep your knee straight during the stretch.

# Great Toe Flexion with Resistance

**REPS: 10**

**SETS: 2**

**WEEKLY: 3**

## Setup

Begin sitting in an upright position on the floor with a resistance band looped vertically along your foot, under your heel and over your toes, holding the ends in your hand.

## Movement

Push your big toe forward against the resistance band, then bring it back to the starting position and repeat.

## Tip

Make sure to focus your movements on your big toe.

# Long Sitting Ankle Inversion with Resistance

**REPS: 10**

**SETS: 2-3**

**WEEKLY: 3**

## Setup

Begin sitting upright on the floor with your legs crossed and a resistance band secured around one foot. The resistance band should be looped around the bottom of your other foot with the end held in your hand.

## Movement

Move the foot with the resistance band away from the other foot by rotating your ankle inward, then slowly return to the starting position and repeat.

## Tip

Make sure to avoid any hip movement.

# Long Sitting Ankle Eversion with Resistance

**REPS: 10**

**SETS: 2-3**

**WEEKLY: 3**

## Setup

Begin sitting upright on the floor with a resistance band secured around one foot. The resistance band should be looped around the bottom of your other foot with the end held in your hand.

## Movement

Move the foot with the resistance band away from the other foot by rotating your ankle outward, then slowly return to the starting position and repeat.

## Tip

Make sure to avoid any hip movement.

# Seated Calf Raise with Weights on Thighs On Step

**REPS: 10**

**SETS: 2-3**

**WEEKLY: 3**

## Setup

Begin sitting upright on a bench holding a dumbbell across your thighs (no weight yet). Have a low step (or foam pad) placed under your the balls of your feet.

## Movement

Slowly raise both heels at the same time. Then, lower them down to the starting position. Repeat.

## Tip

Make sure to keep the balls of your feet in contact with the step throughout the exercise. Raise your heels as high as possible.
